

GEOCERAMICA PORCELAIN + PAVER

- Smooth, 1cm porcelain tile bonded to a concrete paver base, small auto spacer
- Micro-beveled tile edges, grey concrete paver base
- Suitable for paths, patios, pool decks, raised decking
- Available by pallet or layer
- Similar to pavers, anticipate a 5% waste rate, order accordingly
- Install using a vacuum lifting device on an open-graded or densely-graded base
- Use extreme care during install to prevent edge damage
- We recommend filling joints with a resin sand such as Nitro or NitroX
- We recommend cementitious edging (such as Xtreme Edge) to enhance the longevity of GeoCeramica installs
- Use roller compactor when compacting
